*LVT Explained*

# Amtico flooring

Luxury vinyl tile (LVT) flooring offers many benefits over natural, more traditional flooring materials. Designed and manufactured at our specialist factory in Coventry, our LVT flooring is a high quality, stylish and practical choice anywhere in your home.

## What is LVT?

LVT is made by heat-compressing several material layers together to form a tile or plank. Each layer is carefully designed and manufactured to exacting standards using high quality materials to ensure that the finished product is both beautiful and extremely durable.

## Why choose LVT?

Amtico LVT is a very practical choice throughout the home, particularly for busy young families with children and pets. By choosing Amtico LVT, you're opting for an elegant floor that is:

- Hard-wearing and highly durable
- Resistant to scratches, dents and stains

## LVT features

- Available in a wide variety of sizes, colours and styles from simple planks and tiles to design-led patterns, decorative borders and focal point motifs
- Compatible with underfloor heating up to 27 degrees
- Slip resistant and water resistant
- LVT has a tile thickness of 2.5mm
- Amtico Signature has a 1mm wear layer, Amtico Form has a 0.7mm wear layer, Amtico Spacia has a 0.55mm wear layer
- Long lasting warranties – Amtico Signature offer a Lifetime warranty which is transferrable to the homeowner, Amtico Form offers a 30 year warranty and Amtico Spacia offers a 25 year warranty

## Woods, Stones or something striking?

LVT comes in a vast choice of colours and design options that resemble Wood, Stone and Abstract options. With Wood and Stone designs, it's easy to create a floor that combines authentic looks and patterns with the durability and easy care of LVT.

With Abstract LVT options, you can design a floor that's extraordinary. From bold colours and geometric patterns, to original designs and highly innovative products there is something that is sure to excite and inspire.

## Where is it suitable?

It is suitable for all areas of the home, in particular:

- Kitchens
- Bedrooms
- Bathrooms
- Hallways
- Living areas/lounges

Spill and splash resistant

Easy to clean

Water resistant

Suitable for underfloor heating

# Features and benefits of Amtico LVT

## Over wood...

- Resistant to foot traffic and indentation
- Easy to clean and maintain
- Resistant to water, spills and stains
- Warm and quiet underfoot
- Resistant to moisture and variations in temperature, so the product will not shrink, expand or curl

## Over ceramics...

- Greater flexibility - can be laid in a multitude of ways
- Quick and easy to install - can be laid in one day
- Warm and quiet underfoot
- No chipping or cracking, more forgiving if anything is dropped
- No grout lines that can be difficult to clean

## Over laminates...

- Looks a lot more realistic
- Will last longer in heavy traffic areas
- Will not swell and distort when it gets wet
- Will not shift and gap over time
- Quieter especially on suspended floors

## Over other LVT's...

- Less filler content means Amtico products are more durable
- Authentic appeal, Designed and Made in Britain
- Enhanced slip resistance. Conforms to EUR10 safety standards
- Proven Lifetime warranty for Signature products and 25 year warranty for Spacia products, giving reassurance of quality and guarantee
